Independent Auditor's Report

To the Members of Delhi International Airport Limited (Formerly known as Delhi International Airport Private Limited)

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Delhi International Airport Limited (Formerly known as Delhi International Airport Private Limited) ('the Company'), which comprise the Balance Sheet as at 31 March 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of affairs (financial position) of the Company as at 31 March 2020, and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

4. We draw attention to Note 2(B) of the accompanying standalone financial statements, which describes the uncertainties due to the outbreak of Covid-19 pandemic and the management's evaluation of the impact on the standalone financial statements of the Company as at the balance sheet date. Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
6. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
<p>Valuation of Derivative Financial Instruments</p> <p><i>Refer to Note 3 (r) for the accounting policy and note 8, 36, 37 and 38 for the financial disclosures in the accompanying standalone financial statements</i></p> <p>The company has entered into derivative financial instruments i.e. call spread options, coupon only hedge, to hedge its foreign currency risks in relation to the long-term bonds issued in foreign currency.</p> <p>Management has designated these derivative financial instruments and the aforesaid debt at initial recognition as cash flow hedge relationship as per Ind AS 109, Financial Instruments.</p> <p>The valuation of hedging instrument is complex and necessitates a sophisticated system to record and track each contract and calculate the related valuations at each financial reporting date. Since valuation of hedging instruments and consideration of hedge effectiveness involves both significant assumptions and judgements such as market observable inputs and involvement of management's valuation specialist, and therefore, is subject to an inherent risk of error.</p> <p>We have identified valuation of hedging instruments as a key audit matter in view the aforesaid significant judgements, estimates and complexity involved.</p>	<p>Our audit procedures to test the valuation of the derivative financial instruments included but were not limited to the following:</p> <ul style="list-style-type: none"> Assessed and tested the design and operating effectiveness of Company's key internal controls over derivative financial instruments and the related hedge accounting; Reviewed the management's documentation for the designated hedge instrument which defines the nature of hedge relationship; Considered the consistent application of the accounting policies and assessed the hedge accounting methodologies applied; and compared these to the requirements of Ind AS 109, Financial Instruments; Evaluated the management's valuation specialist's professional competence, expertise and objectivity; Tested the accuracy of input data provided by the management to the external valuation specialist and assessed the reasonability of the assumptions used, while valuing the hedging instruments; Involved our valuation specialists to test the fair values of derivative financial instruments and compared the results to the management's results; Assessed the appropriateness and adequacy of the related disclosures in the standalone financial statements in accordance with the applicable accounting standards
<p>Capital work in progress for airport expansion</p> <p><i>Refer to Note 3 (e) for the accounting policy and Note 40(s) for the financial disclosures in the accompanying standalone financial statements</i></p> <p>The Company is in the process of expansion of the airport with a plan to incur an amount of INR 9,502 crores. During the current year ended 31 March 2020, the Company has incurred INR 1,974.28 crores as capital expenditure towards such capital expansion.</p>	<p>Our audit procedures to assess appropriate capitalization of such expenditure included, but were not limited to the following:</p> <ul style="list-style-type: none"> Assessed the design and implementation and tested the operating effectiveness of key controls surrounding the capitalization of costs. Reviewed management's capitalization policy, including application of the aforesaid policy, to assess consistency with the requirements set out by Ind AS 16, Property, Plant and Equipment.

Determining whether expenditure meets the capitalization criteria, specifically with regard to whether they are operational or capital in nature, involves significant management judgement in assessing whether capitalization is in line with Ind AS 16, , Property, Plant and Equipment and the Company's accounting policy.

Further, the tariff determination by AERA for control periods for the aeronautical services is linked to the Regulated Asset Base, which is based on the fixed asset balance and considering these additions are significant to the asset base of the Company, we have assessed inappropriate capitalization as a significant risk as part of our audit strategy.

Such, the aforementioned capital expenditure has been funded from the specific borrowings raised for such purpose. Accordingly, the borrowing cost incurred on such borrowings have been included as a capital expenditure in accordance with the provisions of Ind AS 23, Borrowing Costs.

Owing to the above factors, we have identified this as a key audit matter for current year audit due to the significance of the capital expenditure incurred during the year.

- Compared the additions with the budgets and the orders given to the vendors.
- Ensured that the borrowing cost capitalized is as per Ind AS 23 Borrowing Costs
- Tested the additions on a sample basis for their nature and purpose to ensure that the capitalization is as per company's accounting policy.
- Assessed the appropriateness and adequacy of the related disclosures in the standalone financial statements in accordance with the applicable accounting standards.

Information other than the Financial Statements and Auditor's Report thereon

7. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

8. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles

generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

9. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
12. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

15. The financial statements of the Company for the year ended 31 March 2019 were audited by the Joint auditors K. S. Rao & Co. and predecessor auditor, S. R. Batlibol & Associates LLP, who have expressed an unmodified opinion on those financial statements vide their audit report dated 02 May 2019.

Report on Other Legal and Regulatory Requirements

16. As required by section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
17. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order.
18. Further to our comments in Annexure A, as required by section 143(3) of the Act, we report that:
- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the standalone financial statements dealt with by this report are in agreement with the books of account;
 - d) in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
 - e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of section 164(2) of the Act;
 - f) we have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as on 31 March 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report dated 17 June 2020 as per Annexure B expressed unmodified;

- g) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
- the Company, as detailed in note 33 (i) to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2020;
 - the Company has made provision as at 31 March 2020, as required under the applicable law or Ind AS, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2020;
 - the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016, which are not relevant to these standalone financial statements. Hence, reporting under this clause is not applicable.

Annexure A to the Independent Auditor's Report of even date to the members of Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited) on the standalone financial statements for the year ended 31 March 2020

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment ('PPE').

(b) The Company has a regular program of physical verification of its PPE under which PPE are verified in a phased manner over a period of three years. The PPE have been physically verified by the management during the year by engaging the outside expert and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the PPE is reasonable having regard to the size of the Company and the nature of its assets.

(c) The title deeds of all the immovable properties (which are included under the head 'Property, plant and equipment') are held in the name of the Company.
- (ii) In our opinion, the management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies between physical inventory and book records were noticed on physical verification.
- (iii) The Company has granted unsecured loans to company covered in the register maintained under Section 189 of the Act; and with respect to the same:
 - (a) in our opinion the terms and conditions of grant of such loans are not, prima facie, prejudicial to the company's interest.
 - (b) the schedule of repayment of principal and payment of interest has been stipulated and the repayment/receipts of the principal amount and the interest are regular;
 - (c) there is no overdue amount in respect of loans granted to such company.
- (iv) In our opinion, the Company has not entered into any transaction covered under Sections 185 and 186 of the Act. Accordingly, the provisions of clause 3(iv) of the Order are not applicable.
- (v) In our opinion, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's services and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii)(a) The Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, to the

appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable.

- (b) The dues outstanding in respect of income-tax, sales-tax, service-tax, duty of customs, duty of excise and value added tax on account of any dispute, are as follows:

Statement of Disputed Dues

Name of the Statute	Nature of Dues	Amount in Crores (₹)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Taxability of Passenger Service Fee (Security Component), Taxability of Upfront fee, capital work in progress disallowance on account of capital expenditure under section 14A of the Act., Disallowance under section 40(a)(ia) of the Act	21.39	Assessment year 2007-08	Income Tax Appellate Tribunal
Income Tax Act, 1961	Taxability of Passenger Service Fee (Security Component), Disallowance on account of capital expenditure, Disallowance of payment of gratuity, Disallowance under section 40(a)(ia) of the Act, Disallowance of club expenses, Disallowance under Section 14A of the Act, Issue of SFIS Duty Credit Scrips.	42.90	Assessment year 2008-09	Delhi High Court
Finance Act 1994	Non-payment of Service tax on license fees/lease rentals	1.58	Financial year 2006-07 to 2009-10	Commissioner of Service tax, New Delhi
Finance Act 1994	Non-payment of Service tax on license fees/lease rentals	0.07	Financial year 2011-12 (April- June 2010)	Commissioner of Service tax, New Delhi
Finance Act 1994	Wrong availment of service tax on the payment made towards employee's medical insurance	0.22	Financial year 2011-12	Commissioner (Appeals) of Service Tax, New Delhi
Finance Act 1994	Service tax on the supply of electricity and water	2.35	Financial year 2009-10 to 2012-13	Commissioner of Service tax, New Delhi
Finance Act 1994	Service tax on the Development fees ('DF') collected	131.89	March 2009 to September 2013	Supreme Court
Finance Act 1994	Service tax on the Advance Development Costs ('ADC')	54.31	Financial year 2010-11	Supreme Court

*Disputed under Income Tax Act 1961, wherein disallowances resulting in reduction in 'returned loss' as per the return of income have not been considered for above disclosure. Tax impact of the reduction in loss amounts to Rs. 54.68 crores.

Annexure A to the Independent Auditor's Report of even date to the members of Delhi International Airport Limited on the standalone financial statements for the year ended 31 March 2020

- (viii) The Company has not defaulted in repayment of loans or borrowings to any financial institution or a bank or government or any dues to debenture-holders during the year.
- (ix) The Company did not raise moneys by way of initial public offer or further public offer (including debt instruments). In our opinion, the monies raised by way of debt instruments in the nature of senior secured notes were applied for the purposes for which they were raised, though idle/surplus funds which were not required for immediate utilisation have been invested in liquid investments, payable on demand.
- (x) No fraud by the Company or on the company by its officers or employees has been noticed or reported during the period covered by our audit.
- (xi) Managerial remuneration has been paid and provided by the company in accordance with the requisite approvals mandated by the provisions of Section 197 of the Act read with Schedule V to the Act.
- (xii) In our opinion, the Company is not a Nidhi Company. Accordingly, provisions of clause 3(xii) of the Order are not applicable.
- (xiii) In our opinion all transactions with the related parties are in compliance with Sections 177 and 188 of Act, where applicable, and the requisite details have been disclosed in the financial statements etc., as required by the applicable Ind AS.
- (xiv) During the year, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures.
- (xv) In our opinion, the company has not entered into any non-cash transactions with the directors or persons connected with them covered under Section 192 of the Act.
- (xvi) The company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

Annexure B to the Independent Auditor's Report of even date to the members of Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited) on the standalone financial statements for the year ended 31 March 2020

Independent Auditor's Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Delhi International Airport Limited ('the Company') as at and for the year ended 31 March 2020, we have audited the internal financial controls over financial reporting ('IFCoFR') of the Company as at that date.

Responsibilities of Management for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR includes obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Walker Chandio & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited) on the standalone financial statements for the year ended 31 March 2020

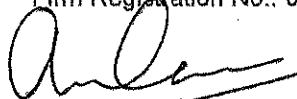

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such controls were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Corporate information

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited) ('DIAL' or 'the Company') is a Public Limited Company domiciled in India. It was incorporated as a Private Limited Company on March 1, 2006 under the provisions of the erstwhile Companies Act, 1956, (replaced with Companies Act 2013 with effect from April 1, 2014) and was converted into a Public Limited Company w.e.f. April 10, 2017. DIAL is into the business of managing the operations and modernization of the Indira Gandhi International Airport ('Delhi Airport'). GMR Airports Limited ('GAL') a subsidiary of GMR Infrastructure Limited ('GIL') holds majority shareholding in the Company. DIAL had entered into Operation, Management and Development Agreement ('OMDA') with Airports Authority of India ('AAI'), which gives DIAL an exclusive right to operate, maintain, develop, modernize and manage the Delhi Airport on a revenue sharing model for an initial term of 30 years, which can be extended by another 30 years on satisfaction of certain terms and conditions pursuant to the provisions of the OMDA.

2. (A) Basis of preparation

The financial statements of the Company have been prepared in accordance with accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and presentation requirement of division II of Schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III), as applicable to the financial statements.

Accounting Policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements have been prepared on historical cost convention on an accrual basis, except for the following assets and liabilities, which have been measured at fair value or revalued amount:

- Derivative Financial Instruments
- Certain financial assets and liabilities (refer accounting policy regarding financial instruments) which have been measured at fair value.

(B) Going Concern:

With the recent and rapid development of the COVID-19 outbreak, many countries have implemented travel restrictions and quarantine measures. As a quarantine measure, Government of India has also imposed the countrywide lockdown with effect from March 25, 2020 which got extended till June 30, 2020, however, restrictions on operation of domestic flights were lifted from May 25, 2020. Accordingly, the airport was closed from March 25, 2020 to May 24, 2020 except for cargo and evacuation / rescue flights for passengers, which in turn has materially impacted the business of the Company. The Company has made detailed assessment of its liquidity position for the next one year and of the recoverability and carrying values of its assets as at the balance sheet date and has concluded that there are no material adjustments required in the financial statements. For this assessment, Management believes that it has taken into account all the possible impact of known events arising from COVID 19 pandemic in these financial statements. However, the impact of the COVID 19 pandemic on our business will depend on future developments that cannot be reliably predicted. The impact of the COVID 19 pandemic might be different from that estimated as at the date of approval of these financial statements and the Company will closely monitor any material changes to future economic conditions.

3. Summary of significant accounting policies

a. Change in accounting policies and disclosures

Ind AS 116 - Lease

On March 30, 2019, the Ministry of Corporate Affairs (MCA) issued the Companies (Indian Accounting Standards) Amendment Rules, 2019 which notified Ind AS 116 - Leases. The amendment rules are effective from reporting periods beginning on or after April 01, 2019. This standard replaces current guidance under Ind AS 17.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model.

Company as a Lessor:

Lessor accounting under Ind AS 116 is substantially unchanged under Ind AS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in Ind AS 17. Therefore, Ind AS 116 did not have an impact for leases where the Company is the lessor, except for recording the lease rent on systematic basis or straightline basis as against Ind AS 17 wherein, there was an exemption for not providing straightlining in case the escalations are in line with inflation. The effect of adoption of Ind AS 116 on the Company as a lessor is as follows:

Particulars	(Rs. in crore)
Revenue from operations	412.87
Lease equalization reserve	412.87
Annual fee to Airports Authority of India (AAI)	189.88
Trade Payable	189.88

Company as a Lessee:

The Company adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of April 1, 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application. The Company elected to use the transition practical expedient allowing the standard to be applied only to contracts that were previously identified as leases applying Ind AS 17 at the date of initial application. The Company also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option ('short-term leases'), and lease contracts for which the underlying asset is of low value ('low-value assets').

The effect of adoption of Ind AS 116 as at April 1, 2019 is as follows:

The Company has recognised Right of use assets for Rs. 19.31 crores (including prepayments of Rs. 0.71 crores) and Lease liabilities of Rs. 18.60 crores as at April 1, 2019 i.e., transition date.

Nature and effect of adoption of Ind AS 116

The Company has lease contracts for various buildings. Before the adoption of Ind AS 116, the Company classified each of its leases (as lessee) at the inception date as an operating lease.

Lease payments were apportioned between interest (recognised as finance costs) and reduction of the lease liability. In an operating lease, the leased property was not capitalised and the lease payments were recognised as rent expense in profit or loss on a straight-line basis, (no straight lining was done in case escalations were considered to be in line with expected general inflation), over the lease term. Any prepaid rent and accrued rent were recognised under Prepayments and Trade and other payables, respectively.

Upon adoption of Ind AS 116, the Company applied a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The standard provides specific transition requirements and practical expedients, which has been applied by the Company.

Leases previously accounted for as operating leases

The Company recognised right-of-use assets and lease liabilities except for short-term leases and leases of low-value assets. The right-of-use assets for most leases are recognised based on the carrying amount as if the standard had always been applied, apart from the use of incremental borrowing rate at the date of initial application. The right-of-use assets were recognised based on the amount equal to the lease liabilities, adjusted for any related prepaid and accrued lease payments previously recognised. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The Company has applied the available practical expedients wherein it:

- Used a single discount rate to a portfolio of leases with reasonably similar characteristics. On transition to Ind AS 116, the weighted average incremental borrowing rate applied to lease liabilities recognised is 10.73% p.a.
- Relied on its assessment of whether leases are onerous immediately before the date of initial application.
- Applied the short-term leases exemptions to leases with lease term that ends within 12 months at the date of initial application.
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- Used hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

b. Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note 31. Accounting estimates could change from year to year. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the year in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

c. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle
- b) Held primarily for the purpose of trading
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Company classifies all other assets as non-current.

A liability is current when:

- a) It is expected to be settled in normal operating cycle
- b) It is held primarily for the purpose of trading
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

d. Investments in Associates, Joint Ventures and Subsidiary

The Company has accounted for its investments in associates, joint ventures and subsidiary at cost.

e. Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Assets under installation or under construction as at the balance sheet date are shown as "Capital work-in-progress (CWIP)". However, CWIP relating to the development fund are being net off from the Development fee accrued (to the extent not utilized) and are not included in CWIP. Expenditure including finance charges directly relating to construction activity is capitalised.

Capital work in progress includes leasehold improvements under development as at the balance sheet date.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Further, when each major inspection is performed, its cost is recognised in the carrying amount of the item of property, plant and equipment if the recognition criteria are satisfied. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Development fee related to an asset, (net of direct amount incurred to earn aforesaid development fee) is deducted from the gross value of the asset concerned in arriving at the carrying amount of the related asset.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

f. Depreciation on Property, Plant and Equipment

Depreciation on property, plant and equipment is calculated on a straight line basis using the useful lives prescribed under Schedule II to the Companies Act, 2013 except for certain assets class i.e. Internal Approach Roads, Electric Panels and Transformers/Sub-station, the Company, based on a technical evaluation, believes that the useful life of such property, plant and equipment is different from the useful life specified in Schedule II to Companies Act 2013. The following is a comparison of the useful lives of these property, plant and equipment as adopted by the Company and those prescribed under Schedule II to the Companies Act, 2013:

Type of Assets	Useful life as estimated by the Company based on technical evaluation	Useful life as prescribed in Schedule II to the Companies Act, 2013
Roads – Other than RCC	10 years	5 years
Transformers/Power Sub-Stations (included in Plant and Machinery)	15 years	10 years
Electric Panels (included in Electrical Installations and Equipment)	15 years	10 years

The useful life of property, plant and equipment which are not as per schedule II of the Companies Act 2013, have been estimated by the management based on internal technical evaluation.

On June 12, 2014, the Airport Economic Regulatory Authority ("the Authority") has issued a consultation paper viz.05/2014-15 in the matter of Normative Approach to Building Blocks in Economic Regulation of major Airports wherein it, interalia, mentioned that the Authority proposes to lay down, to the extent required, the depreciation rates for airport assets, taking into account the provisions of the useful life of assets given in Schedule II of the Companies Act, 2013, that have not been clearly mentioned in the Schedule II of the Companies Act, 2013 or may have a useful life justifiably different than that indicated in the Companies Act, 2013 in the specific context to the airport sector. Pursuant to above, the Authority had issued order no. 35/2017-18 on January 12, 2018 which was further amended on April 09, 2018, in the matter of Determination of Useful life of Airport Assets, which is effective from April 01, 2018.

Accordingly, the management was of the view that useful lives considered by the Company for most of the assets except passenger related Furniture and Fixtures were in line with the useful life proposed by AERA in its order dated January 12, 2018, which is further amended on April 09, 2018.

In order to align the useful life of passenger related Furniture and Fixtures as per AERA order, the Company has revised the useful life during financial year 2018-19.

Leasehold Improvements are improvements, betterments, or modifications of leased property which will benefit the Company for the period of more than one year. The amount of leasehold improvements are capitalised and amortised over the period of lease of five years or useful life whichever is less.

g. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets include software, upfront fee paid as airport concessionaire rights and other costs (excluding operation support costs) paid to the Airports Authority of India (AAI) pursuant to the terms and conditions of the OMDA.

h. Amortisation of intangible assets

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in these financial statements.

The Company amortises, upfront fee paid as airport concession rights and other costs paid to AAI referred to above are recognized and amortized over the initial and extended period of OMDA i.e. 60 years. Other intangible assets are amortised over the useful life of asset or six years, whichever is lower.

i. Government Grant and subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that

- (i) the Company will comply / have complied with the conditions attached to them, and
- (ii) the grant / subsidy will be received.

When the grant/ subsidy relates to revenue, it is recognized under other income in the Statement of Profit and Loss in the period of receipts of such grant/ subsidy, at the amount expected to be realized.

j. Borrowing cost

Borrowing costs net of income on surplus investments directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed on EIR basis in the period in which they occur.

Borrowing costs consist of interest, call spread premium and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

k. Leases

The Company assesses a contract at inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee:

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets: The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

The right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

Lease liabilities: At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term.

The lease payments included in the measurement of the lease liability include fixed payments (including in substance fixed payments), variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate.

Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss.

In case of a short term lease contract and lease contracts for which the underlying asset is of low value, lease payments are charged to statement of profit and loss on accrual basis.

Company as a lessor:

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Income from operating lease is recognised on a straight-line basis over the term of the relevant lease.

Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfers from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

1. Inventories

Inventories are valued at the lower of cost and net realizable value. Cost is determined on a weighted average basis and includes other directly associated costs in bringing the inventories to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

m. Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating units' (CGUs) fair value less cost of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

For assets an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss.-

n. Provisions, Contingent liabilities and Commitments

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each reporting date.

Provisions for onerous contracts are recognized when the expected benefits to be delivered by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established the Company recognizes any impairment loss on the assets associated with that contract.

o. Contingent assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are recognized when the realisation of income is virtually certain, then the related asset is not a contingent asset and its recognition is appropriate.

Contingent assets are reviewed at each reporting date. A contingent asset is disclosed where an inflow of economic benefits is probable.

p. Retirement and other Employee Benefits

Defined benefit plan

Retirement benefit in the form of provident fund is a defined benefit scheme. DIAL contributes its portion of contribution to DIAL Employees Provident Fund Trust ('the Trust'). DIAL has an obligation to make good the shortfall, if any, between the return from the investments of the Trust and the notified interest rate which is determined by actuary and accounted by the DIAL as provident fund cost.

Retirement benefit in the form of Superannuation Fund and Employee State Insurance are defined contribution schemes and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. The Company has no obligation, other than the contribution payable to the respective trusts.

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

The Company recognizes contribution payable as expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the reporting date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

Gratuity Liability is a defined benefit obligation which is funded through policy taken from Life Insurance Corporation of India and Liability (net of fair value of investment in LIC) is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Every employee who has completed five years or more of service gets a gratuity on separation at 15 days' salary (based on last drawn basic salary) for each completed year of service.

The Company treats accumulated leave including sick leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences including sick leave are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred.

The entire amount of the provision for leave encashment is presented as current in financial statements, since the Company does not have an unconditional right to defer settlement of the obligation.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods. Past service costs are recognised in profit or loss on the earlier of:

- i) The date of the plan amendment or curtailment, and
- ii) The date that the Company recognises related restructuring costs.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

q. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1) Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables

that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies in section (f) Revenue from contracts with customers.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three broad categories:

- Financial assets at amortised cost
- Financial assets at fair value through profit or loss (FVTPL)
- Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets at amortised cost: A 'Financial asset' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables. For more information on receivables, refer to Note 12.

Financial assets at FVTPL: FVTPL is a residual category for financial assets. Any Financial asset, which does not meet the criteria for categorization as at amortized cost or as at Fair Value through OCI (FVTOCI), is classified as at FVTPL.

In addition, the Company may elect to designate a Financial assets, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

Financial assets measured at amortised cost e.g., deposits, trade receivables and bank balance.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

II) Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including and derivative financial instruments.

Subsequent measurement

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in respective carrying amounts is recognised in statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

r. Derivative financial instruments and hedge accounting

Initial Recognition and subsequent measurement

The Company uses derivative financial instruments, such as call spread options, to hedge its foreign currency risks.

Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss.

For the purpose of hedge accounting, hedges are classified as:

- a) Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment;
- b) Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment;
- c) Hedges of a net investment in a foreign operation.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging / economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Cash flow hedges that meet the strict criteria for hedge accounting are accounted for as described below:

The effective portion of the gain or loss on the hedging instrument is recognised in OCI in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit and loss.

Amounts recognised as OCI are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast sale occurs.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognised in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

Presentation of derivative contracts in the financial statement

Derivative assets and liabilities recognized on the balance sheet are presented as current and non-current based on the classification of the underlying hedged item.

s. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

t. Foreign currencies

Functional Currency

The financial statements are presented in Indian rupees (INR), which is also the Company's functional currency.

Transactions and Translations

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

u. Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company determines the policies and procedures for recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value. External valuers are involved for valuation of significant assets or liabilities such as derivative instruments.

At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes as mentioned below.

- Disclosures for valuation methods, significant estimates and assumptions (note 36)
- Quantitative disclosures of fair value measurement hierarchy (note 37)
- Financial instruments (including those carried at amortised cost)

v. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Revenue from contract with customer

Revenue from contracts with customers is recognised when control of the services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the services before transferring them to the customer.

Revenue from Operations

Significant financing component

Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised service to the customer and when the customer pays for that service will be one year or less.

The Company also receives long-term advances from customers for rendering services. The transaction price for such contracts are discounted, using the rate that would be reflected in a separate financing transaction between the Company and its customers at contract inception, to take into consideration the significant financing component.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for services transferred to the customer (which consist of unbilled revenue). If the Company performs by transferring services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in financial instruments – initial recognition and subsequent measurement.

Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)
CIN. U63033DL2006PLC146936
Notes to the standalone financial statements for the year ended March 31, 2020
(All amounts in Rupees crore, except otherwise stated)

Income from services

Revenue from airport operations i.e. Aeronautical and Non Aeronautical operations are recognised on accrual basis, net of Goods and Service Tax (GST), and applicable discounts when services are rendered. Aeronautical operations include user development fees (UDF), Passenger Service Fee (Facilitation Component) [PSF (FC)], Baggage X-ray Charges, Landing and Parking of aircraft, fuel farm and CUTE counter charges. The main streams of non-aeronautical revenue includes duty free, retail, advertisement, food & beverages, cargo, ground handling, car parking and land & space- rentals.

Land & Space- rentals pertains to granting right to use land and space primarily for catering to the need of passengers, air traffic services and air transport services.

Revenue from commercial property development rights granted to concessionaires is recognized on accrual basis, as per the terms of the agreement entered into with the customers.

Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable except the interest income received from customers for delayed payments which is accounted on the basis of reasonable certainty / realisation.

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

Dividends

Dividend income is recognised when the Company's right to receive dividend is established, which is generally when the shareholders approve the dividend.

Claims

Claims on contractors / concessionaires are accounted on the basis of reasonable certainty / realization.

w. Taxes

Tax expense comprises current tax and deferred tax.

Current income tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with Income Tax Act, 1961.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- ii) In respect of taxable temporary differences associated with investments in subsidiary, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- i) When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- ii) In respect of deductible temporary differences associated with investments in subsidiary, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax ("MAT") paid in a year is charged to the statement of profit and loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognises MAT credit as an asset in accordance with the Guidance Note on 'Accounting for Credit Available in respect of Minimum Alternative Tax' under IT Act, the said asset is created by way of credit to the statement of profit and loss and shown as 'MAT credit entitlement'. The Company reviews the 'MAT credit entitlement' asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

Taxes, cess, duties such as sales tax/ value added tax/ service tax/goods and service tax etc. paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of taxes paid, except:

- When the tax incurred on a purchase of assets, goods or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- When receivables and payables are stated with the amount of tax included

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

x. Operating segments

The Company has only one reportable operating segment, which is operation of airport and providing allied services. Accordingly, the amounts appearing in the financial statements relate to the Company's single operating segment.

y. Proposed dividend

As per Ind AS -10, 'Events after the Reporting period', the Company disclose the dividend proposed by board of directors after the balance sheet date in the notes to these financial statements. The liability to pay dividend is recognised when the declaration of dividend is approved by the shareholders.

z. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

aa. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

b. Terms/rights attached to equity Shares

The Company has only one class of equity shares having a par value of Rs.10/- per share. Each holder of equity share is entitled to one vote per share. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Company the holders of equity shares would be entitled to receive remaining assets of the Company after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders. Further the shareholders have entered into share holders agreement whereby special rights have been assigned to the Airports Authority of India (AAI) in respect of appointment of the nominee director in the Board of Directors, approval of reserved Shareholders and Board matters by affirmative vote of the AAI. Further in case if any shareholder intends to the transfer its shares subject to restriction of lock in period in Operation, Management and Development Agreement between shareholders, other shareholders will have first right of refusal in accordance with the terms of the shareholders agreement.

491.80	301.87

Disclosure as per Section 22 of "The Micro, Small and Medium Enterprises Development Act, 2006".

The principal amount and the interest due thereon remaining unpaid to any supplier:

- Principal amount
- Interest thereon

March 31, 2020	March 31, 2019
13.00	5.19
-	-

The amount of interest paid by the buyer in terms of section 16, along with the amounts of the payment made to the supplier beyond the appointed day.

-

The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under this

-

The amount of interest accrued and remaining unpaid

-

The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small investor

-

Terms and conditions of the above financial liabilities:

- Trade payables are non-interest bearing and are normally settled on 60-day terms.
- Related parties payable are payable on demand once they get due.

For explanations on the Company's credit risk management processes, refer to Note 38.

31. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

31.1 Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements.

Discounting rate

The Company has considered incremental borrowing rate of Airport sector as at transition date for measuring deposits, being financial assets and financial liabilities, at amortised cost till March 31, 2018. From period starting from April 01, 2018; management has considered revised incremental borrowing rate of airport sector for all the deposits given/received post March 31, 2018; and impact has been duly accounted in standalone financial statements.

Consideration of significant financing component in a contract

The Company sells pouring rights at airport for which contract period is for more than one year. The Company concluded that there is a significant financing component for those contracts where the customer elects to pay in advance considering the length of time between the customer's payment and rendering services, as well as the prevailing interest rates in the market.

In determining the interest to be applied to the amount of consideration, the Company concluded that the interest rate implicit in the contract (i.e., the interest rate that discounts the cash selling price of the equipment to the amount paid in advance) is appropriate because this is commensurate with the rate that would be reflected in a separate financing transaction between the entity and its customer at contract inception.

Non applicability of Service Concession Arrangement (SCA)

DIAL had entered into Operation, Management and Development Agreement ('OMDA') with Airports Authority of India ('AAI'), which gives DIAL an exclusive right to operate, maintain, develop, modernize and manage the Delhi Airport on a revenue sharing model for an initial term of 30 years, which can be extended by another 30 years on satisfaction of certain terms and conditions pursuant to the provisions of the OMDA. Under the agreement, AAI has granted exclusive right and authority to undertake some of the functions of the AAI being the functions of operation, maintenance, development, design, construction, upgradation, modernization, finance and management of the Airport and to perform services and activities at the airport constituting 'Aeronautical Services' and 'Non-Aeronautical Services'. For prices, aeronautical services are regulated, while the regulator has no control over determination of prices for Non-Aeronautical Services. The management of the Company conducted detailed analysis to determine applicability of Appendix D of Ind AS 115 and concluded that the same does not apply to DIAL. Company concession arrangement has significant non-regulated revenues, which are apparently not ancillary in nature, as these are important from DIAL, AAI and users/passengers perspective. Further, the regulated and non-regulated services are substantially interdependent and cannot be offered in isolation. The airport premise is being used both for providing regulated services (Aeronautical Services) and for providing non-regulated services (Non-aeronautical Services). Accordingly, the management has concluded that SCA does not apply in its entirety to the Company.

Annual Fee to AAI

As per the Concession Agreement (OMDA) entered into with AAI in April 2006, the Company is required to pay to AAI annual fee (AF) each year at 45.99% on its projected revenue and same shall be payable in twelve equal monthly instalments (MAF), to be paid in each calendar month. As per Article 1.1 of Chapter I of OMDA, "Revenue" is defined to mean all pre-tax gross revenue of DIAL with certain specified exclusions.

Management of the Company is of the view that the certain income / credits arising on adoption of Ind-AS was not in contemplation of parties in April 2006 when this Concession Agreement was signed / entered. Further, these income/credits in Statement of Profit and Loss do not represent actual receipts from business operations, from any external sources and therefore, these incomes/ credits should not be treated as "Revenue" for calculation of MAF to AAI. Accordingly, the Company, basis above and Legal Opinion, has provided the monthly annual fee to AAI based on Revenue as per the Ind AS financial statements after adjusting such incomes/credits (refer note 40 (i)).

31.2 ESTIMATES AND ASSUMPTIONS

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in Note 32 (c).

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)

CIN. U63033DL2006PLC146936

Notes to the standalone financial statements for the year ended March 31, 2020

(All amounts in Rupees crore, except otherwise stated)

Provision for Leave encashment

The present value of leave encashment is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of discount rate, future salary increases, and withdrawal rates. Due to complexities involved in the valuation and its long term nature, provision for leave encashment is sensitive to changes in these assumptions. All assumptions are reviewed at each balance sheet date.

Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgement and the use of estimates regarding the outcome of future events.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 36, 37 and 38 for further disclosures.

32. Retirement and other employee Benefit:-**Employee Benefit:-****a) Leave Obligation**

The leave obligation cover the Company's liability for earned leave and sick leave. The entire amount of the provision of Rs. 29.52 crore (March 31, 2019: Rs. 25.61 crore) is presented as current in financial statements, since the Company does not have an unconditional right to defer settlement of the obligation.

b) Defined benefit plans

During the year ended March 31, 2020, the Company has recognised Rs. 14.18 crore (March 31, 2019: Rs. 12.52 crore) as an expenses and included in Employee benefits expense as under the following defined contribution plans.

	For the year ended March 31, 2020	For the year ended March 31, 2019
Employer's contribution to		
Provident and other fund#	9.90	8.38
Superannuation fund*	3.90	4.14
Total	13.80	12.52

#Net of amount transferred to Capital work-in-progress ('CWIP') & CPD Rs. 0.36 Crore (March 31, 2019: Rs. 0.24 Crore)

*Net of amount transferred to CWIP & CPD Rs. 0.20 Crore (March 31, 2019: Rs. 0.14 Crore).

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)**CIN. U63033DL2006PLC146936****Notes to the standalone financial statements for the year ended March 31, 2020****(All amounts in Rupees crore, except otherwise stated)**

The Company makes contribution towards provident fund which is administered by the trustees. The rules of the Company's provident fund administered by a trust, require that if the board of the trustees are unable to pay interest at the rate declared by the government under para 60 of the Employees provident fund scheme, 1972 for the reason that the return on investment is less for any other reason, then the deficiency shall be made good by the Company making interest shortfall a defined benefit plan. Accordingly, the Company has obtained actuarial valuation and based on the below provided assumption there is no cumulative deficiency at the balance sheet date. Hence, the liability is restricted towards monthly contributions only.

As per the requirement of Ind AS 19, Employee Benefits of the Institute of Chartered Accountants of India, benefits involving employer established provident funds, which require interest shortfalls to be re-compensated, are to be considered as defined benefit plans. Based on the actuarial valuation and on the assumptions provided below there is no cumulative short-fall which has been provided in the standalone financial statements.

Particulars	March 31, 2020	March 31, 2019
Plan assets at the year end, at fair value	179.23	148.09
Present value of benefit obligation at year end	169.24	148.09
Net (liability) recognized in the balance sheet	-	-

Assumptions used in determining the present value obligation of the interest rate guarantee under the deterministic Approach:

Particulars	March 31, 2020	March 31, 2019
Discount rate	6.80%	7.55%
Fund rate	8.50%	9.30%
PFO rate	8.50%	8.65% for first year and 8.60% thereafter
Withdrawal rate	5.00%	5.00%
Mortality	Indian Assured Lives Mortality (2006-08) (modified)Ult *	Indian Assured Lives Mortality (2006-08) (modified)Ult *

*As published by IRDA and adopted as Standard Mortality Table as recommended by Institute of Actuaries of India effective April 1, 2013.

(c) Gratuity expense

Gratuity liability is a defined benefit obligation (DBO) which is funded through policy taken from Life Insurance Corporation of India and Liability (net of fair value of investment in LIC) is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days' salary (based on last drawn basic salary) for each completed year of service.

The following tables summarise the components of net benefit expense recognised in the standalone statement of profit and loss and amounts recognised in the balance sheet for defined benefit plans/obligations:

Net employee benefit expense:

Particulars	For the year ended March 31, 2020	For the year ended March 31, 2019
Current Service Cost	2.33	2.00
Past Service Cost	-	-
Net Interest Cost	(0.17)	(0.12)
Total	2.16	1.88

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)

(All amounts in Rupees crore, except otherwise stated)

Amount recognised in Other Comprehensive Income:

Particulars	For the year ended March 31, 2020	For the year ended March 31, 2019
Actuarial (gain)/loss due to DBO experience	(0.16)	(0.05)
Actuarial loss due to DBO financial assumptions changes	1.33	-
Actuarial gain arising during period	1.17	(0.05)
Return on plan assets less / (greater) than discount rate	0.80	0.33
Actuarial loss / (gains) recognized in OCI	1.97	0.28

Balance Sheet

Particulars	March 31, 2020	March 31, 2019
Defined benefit obligation	(22.56)	(19.18)
Fair value of plan assets	20.94	21.14
Benefit asset / (liability)	(1.62)	1.96

Changes in the present value of the defined benefit obligation are as follows:

Particulars	March 31, 2020	March 31, 2019
Opening defined benefit obligation	19.18	16.39
Interest cost	1.40	1.21
Current service cost	2.33	2.00
Past Service Cost	-	-
Acquisition cost	0.07	0.65
Benefits paid (including transfer)	(1.59)	(1.02)
Actuarial gain on obligation-experience	1.17	(0.05)
Closing defined benefit obligation	22.56	19.18

Changes in the fair value of plan assets are as follows:

Particulars	March 31, 2020	March 31, 2019
Opening fair value of plan assets	21.14	14.94
Acquisition Adjustment	0.07	0.65
Interest income on plan assets	1.57	1.33
Contributions by employer	0.54	5.57
Benefits paid (including transfer)	(1.59)	(1.02)
Return on plan assets greater/ (lesser) than discount rate	(0.80)	(0.33)
Closing fair value of plan assets	20.93	21.14

The Company expects to contribute Rs. 2.22 crore to gratuity fund during the year ended on March 31, 2021 (March 31, 2020: Rs. 2.09 crore).

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)
CIN. U63033DL2006PLC146936
Notes to the standalone financial statements for the year ended March 31, 2020
(All amounts in Rupees crore, except otherwise stated)

The major category of plan assets as a percentage of the fair value of total plan assets is as follows:

Particulars	March 31, 2020	March 31, 2019
	(%)	(%)
Investments with insurer managed funds	100	100

The principal assumptions used in determining gratuity obligation for the Company's plans are shown below:

Particulars	March 31, 2020	March 31, 2019
Discount rate (in %)	6.80%	7.60%
Salary Escalation (in %)	6.00%	6.00%
Expected rate of return on assets	6.80%	7.60%
Attrition rate (in %)	5.00%	5.00%

A quantitative sensitivity analysis for significant assumption as at March 31, 2020 is as shown below:

	March 31, 2020	March 31, 2019
Assumptions	Discount rate	
Sensitivity Level	1%	1%
Impact on defined benefit obligation due to increase	(1.65)	(1.36)
Impact on defined benefit obligation due to decrease	1.90	1.56

Assumptions	Future Salary Increase	
Sensitivity Level	1%	1%
Impact on defined benefit obligation due to increase	1.72	1.45
Impact on defined benefit obligation due to decrease	(1.57)	(1.33)

Assumptions	Attrition rate	
Sensitivity Level	1%	1%
Impact on defined benefit obligation due to increase	0.08	0.16
Impact on defined benefit obligation due to decrease	(0.10)	(0.18)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligation at the end of the reporting period is 10 years (March 31, 2019:10 years).

(This space has been intentionally left blank)

33. Commitments and Contingencies

I. Contingent liabilities not provided for:

	Particulars	March 31, 2020	March 31, 2019
(i)	In respect of Income tax matters *	64.29	64.29
(ii)	In respect of Indirect tax matters [refer note (e), (f) & (g) below and other matters*]	190.42	4.21
(iii)	Claim against the Company not acknowledged as debt	-	0.26
(iv)	In respect of other matters [refer (a) below]	38.41	23.61

*pertaining to various cases not included below

- a) During the year ended March 31, 2017, the Delhi Cantonment Board (DCB) had raised provisional invoice demanding property tax of Rs. 9.01 crore in respect of vacant land at IGI Airport for the Financial Year 2016-17. The airport area majorly consists of vacant land area which cannot be commercially let out by the Company because of operational safety, aircraft landing & take off and navigational requirements as per standards laid down by International Civil Aviation Organization (ICAO). However, based on same computation method as used for payment of property tax to South Delhi Municipal Corporation ('SDMC'), management has made payment of Rs. 1.15 crore towards property tax for financial year 2016-17 and requested DCB to withdraw its demand.
- Company has paid Rs. 1.15 crore, Rs. 1.12 crore and Rs. 1.10 crore each for financial year 2017-18, financial year 2018-19 and financial year 2019-20 respectively based on same computation as of financial year 2016-17.

DCB has raised provisional invoice on April 29, 2019 demanding property tax of Rs. 10.73 crore for the FY 2019-20 along with arrears of Rs. 28.78 crore for FY 2016-17, FY 2017-18 and FY 2018-19. Accordingly, the Company has disclosed remaining amount of Rs. 38.41 crore in respect of FY 2016-17, FY 2017-18, FY 2018-19 and FY 2019-20 as contingent liability.

The Company has obtained a legal opinion; wherein it has been opined that liability w.r.t. earlier years cannot be ruled out. As DCB has not raised any demand for earlier years, and the Company has submitted its application for adopting the same computation method as considered by SDMC, while arriving at the demand for the financial year 2016-17, the amount of liability for earlier years is unascertainable, and therefore no provision has been considered.

Thereafter on November 1, 2019, DCB issued a notice seeking payment of Property Tax for the amount Rs. 38.41 crores from DIAL and threatened recovery through issue of warrant of distress upon failure to make payment within 30 days. DIAL filed a writ petition before the Hon'ble Delhi High court against DCB to set aside the impugned demand notices. The Hon'ble Delhi High court heard the matter on December 2, 2019 and directed to be keep in abeyance the impugned demand notices and directed DCB to grant a detailed hearing to DIAL, upon DIAL's filing a representation before the DCB and also explain the basis of calculation arrived at by DCB, subject to deposit a sum of Rs. 8.00 crore with DCB within three weeks as liability is to be determined and accordingly the writ petition was disposed off.

In compliance of High Court order DIAL had deposited a sum of Rs.8.00 crore under protest on December 20, 2019. A detailed representation was filed by DIAL in January 2020 before DCB and it was heard. However, the said representation before DCB is still pending disposal.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)

CIN. U63033DL2006PLC146936

Notes to the standalone financial statements for the year ended March 31, 2020

(All amounts in Rupees crore, except otherwise stated)

- b) The Ministry of Civil Aviation (MoCA) issued a Circular No. AV 13028/001/2009-AS dated January 8, 2010 giving fresh guidelines regarding the expenditure which could be met out of the PSF (SC) and subsequently clarified by MoCA vide order dated April 16, 2010. Based on the said circular, the Company is not debiting such security expenditure to PSF (SC) escrow account. Further, vide circular no. AV 13024/43/2003-SS (AD) dated May 17, 2012, it was further directed that any such expenditure already debited was required to be credited back to PSF(SC) account. However, security expenditure amounting to Rs. 24.48 crore was already incurred prior to April 16, 2010 and was debited to PSF (SC) account.

The Company had challenged the said circulars issued by MoCA before the Hon'ble High Court of Delhi by way of a Writ Petition. The Hon'ble Court, vide its order dated December 21, 2012, had restrained MoCA from taking any coercive measures in the form of initiation of criminal proceedings against the Company and the matter is now listed for hearing on August 21, 2020. Based on an internal assessment and aforesaid order of the Hon'ble High Court of Delhi, the management is confident that no liability in this regard would be payable and as such no provision has been made in these financial statements.

- c) MoCA issued an order no. AV 13024 /03/2011-AS (Pt. I) dated February 18, 2014 requiring the Airport Operators to reverse the expenditure incurred, since inception to till date, towards procurement and maintenance of security systems/equipment and on creation of fixed assets out of PSF (SC) escrow account opened and maintained by DIAL (the Airport Operator) in a fiduciary capacity. The Company had incurred Rs. 297.25 crore towards capital expenditure (excluding related maintenance expense and interest thereon) till March 31, 2020 (March 31, 2019 Rs. 297.25 crore) out of PSF (SC) escrow account as per Standard Operating Procedure (SOPs), guidelines and clarification issued by MoCA from time to time on the subject of utilization of PSF (SC) funds.

In the opinion of the management of the Company, the above order is contrary to and inconsistent with SOPs, guidelines and clarification issued by MoCA from time to time in this regard and as such had challenged the said order before Hon'ble High court of Delhi. The Hon'ble High Court of Delhi, vide its order dated March 14, 2014, stayed recovery of amount already utilized by the Company from PSF (SC) Escrow Account till date. The matter is now listed for hearing on July 30, 2020 for arguments.

Further, MoCA has issued an order dated September 18, 2017, which is supplementary to the order dated February 18, 2014 stating the approximate amount of reversal to be made by the Company towards capital expenditure and interest thereon amounting to Rs. 295.58 crores and Rs. 368.19 crores respectively, subject to the order of the Hon'ble High court of Delhi.

Based on an internal assessment, the management of the Company is of the view that no adjustments are required to be made in the books of accounts. Further, as directed by the Hon'ble High Court of Delhi and pending further orders, the Company has charged Rs. 102.81 crore from April 1, 2014 till March 31, 2020 (March 31, 2019: Rs. 96.39 crore) towards the expenditure incurred on repair and maintenance of security equipment to the Statement of profit and loss which includes Rs. 6.42 crore during the year ended March 31, 2020 (March 31, 2019: Rs 17.01 crore).

However, during the financial year 2018-19, pursuant to AERA order No. 30/ 2018-19 dated November 19, 2018 with respect to Company's entitlement to collect X-ray baggage charges from airlines, the Company has remitted Rs. 119.66 crore to PSF (SC) account against the transfer of screening assets to the Company from PSF (SC) to the Company with an undertaking to MoCA by the Company that in case the matter pending before the Hon'ble High Court is decided in its DIAL's favour, DIAL will not claim this amount back from MoCA.

- d) The Company was entitled to custom duty credit scrip under Served from India Scheme (SFIS) of Foreign Trade Policy issued by Government of India. Under the terms of SFIS, service providers are entitled to custom duty credit scrip as a percentage of foreign exchange earned by the Company that can be utilized for payment of import duty. Till March 31, 2014, the Company had cumulatively utilized custom duty credit scrip amounting to Rs. 89.60 crore in lieu of payment of import duty in respect of import of fixed assets (including capital work in progress) and thus, recorded fixed assets (including capital work in progress, imported, at net amount) after excluding the amount of custom duty paid by using these scrips.

The Expert Advisory Committee ('EAC') of the Institute of Chartered Accountants of India, pursuant to a specific application by the Company in this regard, has clarified vide its opinion viz. TD/EAC/1484/13 dated November 19, 2013 that such scrips should be recognised and accounted as grant related to revenue under erstwhile Accounting Standard 12 – Accounting for Government Grants.

Accordingly, as allowed under para 15 of erstwhile Accounting Standard 12, the Company had adjusted (netted off) Rs. 80.39 crore, [being the difference between the value of duty credit scrips amounting to Rs. 89.60 crore and the depreciation amounting to Rs. 9.21 crore that ought to have been charged on such assets] against certain expenditure, which in its view are related to obtaining such custom duty credit scrip entitlements and had disclosed the same as prior period items (net) in the financial statements for the year ended March 31, 2014.

However, Airport Authority of India ('AAI') has expressed different view on this and argued that amount utilized under SFIS should be treated as revenue and accordingly revenue share on amount of Rs 89.60 crore is payable to AAI. Enforcing their view, AAI has written letter to ICICI bank on July 06, 2015 instructing bank to remit Rs. 41.21 crore from Receivable Escrow Account of the Company as revenue share to AAI's bank account as per terms of the escrow agreement.

The Company had filed a writ petition against the AAI's letter in Hon'ble High Court of Delhi on July 10, 2015 disputing the demand and the letter unilaterally issued by AAI and prayed for quashing of demand by AAI. Hon'ble High Court has granted the interim relief and disposed the writ petition with a direction to Company to seek remedy under the provisions of Arbitration law. Accordingly Company filed a petition under section 9 of the Arbitration and Conciliation Act seeking interim restraint to AAI from enforcing its demand which was granted by the court in favour of the Company.

The matter was duly heard and arbitration award was pronounced in favour of the Company on December 27, 2018, mentioning that the income earned by way of SFIS Scrip does not fall under the definition of Revenue as per OMDA as it is not related with any Aeronautical or Non-Aeronautical activities and it is of the nature of capital receipt. Accordingly, no revenue share is payable to AAI by the Company on SFIS revenue and demand of AAI for revenue share stands rejected. However, AAI has filed an appeal challenging the order of Arbitral Tribunal before the High Court of Delhi on April 25, 2019 for setting aside the arbitration award dated December 27, 2018. The next hearing is scheduled for June 23, 2020.

- e) The Director General of Central Excise Intelligence, New Delhi had issued a Show Cause Notice F. NO. 574/CE/41/2014/Inv./PT.II/11327 dated October 10, 2014 on the Company, proposing a demand of service tax of Rs. 59.91 crore (excluding interest and penalty) considering Advance Development Costs ('ADC') collected by Company from the Commercial Property Developers under the service tax category 'Renting of Immovable Property'.

The Company has replied to the show cause notice as referred to above with appropriate authority on April 17, 2015.

Subsequently, Additional Director General (Adjudication), DGCEI has passed Order No. 10/2016-ST dated May 02, 2016 confirming demand of service tax of Rs. 54.31 crore and imposed equivalent penalty in respect of this matter.

However, based on an internal assessment by the Company in this regard, the Management is of the view that service tax is not leviable on ADC, as these are collected for development of certain infrastructure facilities for the common use and not for the exclusive use of any developer. Service tax liability on ADC, if any arises, shall be adjusted from Advance Development Costs collected by Company from the Commercial Property Developers.

The Company has filed appeal before CESTAT, New Delhi on August 02, 2016 by depositing Rs. 4.07 crore against the order dated May 02, 2016. The matter was concluded in final hearing held on December 20, 2018 and the decision is pronounced on February 8, 2019 in favour of DIAL setting aside the order of the Director Adjudication raising a demand of service tax of Rs. 54.31 crore and the amount deposited Rs. 4.07 crore has been refunded back with interest by the department.

The department has filed SLP before Supreme Court, against the Order dated February 8, 2019 passed by CESTAT in favour of DIAL and the matter is pending before the Hon'ble Supreme Court.

Accordingly, the amount of Rs.54.31 crore disclosed as contingent liability as at March 31, 2020. Further, the management of the Company is of the view that no adjustments are required to be made to these financial statements.

- f) The Commissioner of Service Tax, New Delhi had issued three Show Cause Notices (SCN) and one addendum to SCN on the Company, proposing a demand of service tax aggregating to Rs. 275.53 crore (excluding interest and penalty) on the collection of Development Fee ("DF") from passengers in airport for the period from March, 2009 to September, 2013. Out of total demand of service tax of Rs 275.53 crore, service tax amounting to Rs 130.17 crore has already been paid by Company under protest.

The Company replied to the show cause notice referred to above with appropriate authority and the issue was heard on merits on February 17, 2016.

Subsequently, the Commissioner of Service Tax, has passed Order No. C.No D III/ST/IV/16/Hqrs/Adjn/DIAL/153/2015/1862-ST dated July 12, 2016 confirming the demand of service tax of Rs. 262.06 crore (after giving cum duty effect) and out of the said demand has appropriated amount of Rs 130.17 crore already deposited by Company under protest towards service tax, and further imposed a penalty of Rs 131.89 crore in respect of this matter.

However, based on an internal assessment by Company in this regard, the management is of the view that service tax is not leviable on DF, as the DF is a statutory levy and is meant to bridge financing gap funding for the airport project. The collection of DF from passengers is not in lieu of provision of any service to them. Further, there is no service provider and service recipient relationship between the Company and the passengers paying DF. Service tax liability, if any arises on DF, shall be decided by AERA, keeping in view the final pronouncement of the matter.

The Company had filed an appeal against the order before CESTAT, New Delhi on October 10, 2016. The matter was concluded in final hearing held on December 04, 2018 and the decision is pronounced on January 18, 2019 in favour of DIAL setting aside the order of the Commissioner levying service tax on ADF and penalty amounting to Rs. 262.06 crore.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)
CIN. U63033DL2006PLC146936
Notes to the standalone financial statements for the year ended March 31, 2020
(All amounts in Rupees crore, except otherwise stated)

The department has filed SLP before Supreme Court, against the Order dated January 18, 2019 passed by CESTAT in favour of DIAL and the matter is pending before the Hon'ble Supreme Court. Accordingly, the amount of Rs.131.89 crore has been disclosed as contingent liability as at March 31, 2020. Further, the management of the Company is of the view that no adjustments are required to be made to these financial statements.

- g) In certain matters before Hon'ble Delhi High Court or Hon'ble Supreme Court yet to be decided, wherein DIAL has been made respondent and the petitions filed by the UOI, others/concessionaires which are relating to the applicability of service tax (under pre-GST regime) on services provided by DIAL and the issues under consideration are related to licensing of space in Airport, Service tax on supply of electricity, running of duty free shops to be regarded as Airport Services. DIAL initially charged service tax against the services provided, however levy and the applicability was contested by the such parties and accordingly they filed petitions before judicial authorities making DIAL as a party/respondent in the matters. The management is of the view that these matters will not result in any additional obligation on DIAL in case of adverse decisions and in case of any demand or liability arising on account of adjudication of the issues, the same are recoverable from the service recipients.
- h) There are numerous interpretative issued till now relating to the Hon'ble Supreme Court (SC) judgement on Provident Fund dated February 28, 2019. The Company has paid the liability on a prospective basis from the date of the SC order. The company has not made any provision related to the period before the order due to lack of clarity on the subject.

II. Financial guarantees- The Company has not provided any financial guarantee other than performance guarantee on its own behalf, to any party.

Performance guarantees given by the Company on its own behalf are not considered as contingent liability.

III. Capital and Other Commitments:

i. Capital Commitments:

At March 31, 2020, the Company has estimated amount of contracts remaining to be executed on capital account not provided for [net of advances of Rs. 887.43 crore (March 31, 2019: Rs. 897.92 crore)] Rs. 6,268.85 crore (March 31, 2019: Rs. 9,326.05 crore).

ii. Other Commitments:

- i. As per the terms of OMDA, the Company is required to pay annual fees to AAI at 45.99% of the revenue (as defined in OMDA) of the Company for an initial term of 30 years starting from May 2006 and which can be extended by another 30 years on satisfaction of certain terms and conditions pursuant to the provisions of OMDA.
- ii. In respect of its equity investment in East Delhi Waste Processing Company Private Limited, the Company along with SELCO International Limited has to maintain minimum 51% shareholding for a period of 2 years from the commissioning of the project and thereafter minimum 26% shareholding for next 10 years. The project has been commissioned with effect from April 01, 2017.
- iii. As per the terms of Airport Operator Agreement, the Company is required to pay every year 3% of previous year's gross revenue as operator fee to Fraport AG Frankfurt Airport Services Worldwide.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)
CIN. U63033DL2006PLC146936

Notes to the standalone financial statements for the year ended March 31, 2020

(All amounts in Rupees crore, except otherwise stated)

iv. In terms of Section 115JB of Income Tax Act, 1961, certain Ind AS adjustments at the Ind AS transition date to be included in book profits equally over a period of five years starting from the year of first time adoption of Ind AS i.e. Financial Year 2016-17. Pursuant to above, the Company had made Ind AS adjustments amounting to Rs. 184.79 crore as on March 31, 2016 and included 1/5th of the same i.e. Rs. 36.96 crore while computing book profit for Financial Year 2016-17, 2017-18, 2018-19 and 2019-20 and paid/ provided MAT accordingly. The remaining amount of Rs 36.96 crore will be adjusted in the next year while computing book profit for MAT.

v. During previous years, the Company had entered into "Call spread Option" with various banks for hedging the repayment of 6.125% Senior secured notes (2022) of USD 288.75 million, 6.125% Senior secured notes (2026) of USD 522.60 million which are repayable in February 2022 and October 2026 respectively. During the current year ended, the Company has entered into "Call spread Option" with bank for hedging the repayment of 6.45% Senior secured notes (2029) for USD 500 million borrowings which is repayable in June 2029

Option Value (in USD Mn)	Period		Call spread range (INR/USD)	Total Premium Payable	Premium paid till	Premium outstanding as at	
	From	To				March 31, 2020	March 31, 2019
522.60	December 6, 2016	October 22, 2026	66.85 - 101.86	1,241.30	392.27	849.03	974.81
80.00	February 8, 2017	January 25, 2022	68.00 - 85.00	94.33	56.32	38.01	56.94
208.75	January 25, 2018	January 25, 2022	63.80 - 85.00	198.34	99.25	99.09	148.59
350.00	June 24, 2019	May 30, 2029	69.25-102.25	742.79	47.58	695.21	-
150.00	February 27, 2020	May 30, 2029	71.75-102.25	307.17	-	307.17	-

During the current year, the Company has also entered into "Coupon only hedge" and "Call Spread option" with bank for hedging the payment of interest liability on 6.45% Senior secured notes (2029) for USD 150 million and 6.125% Senior secured notes (2022) for USD 288.75 million borrowings respectively.

vi. DIAL entered into a tripartite Master Service Agreement (MSA) with WAISL Limited (Formerly known as Wipro Airport IT Services Limited) [WAISL] and WIPRO Limited. This agreement was further amended vide addendum number 17, dated April 5, 2018, in which Antariksh Softtech Private Limited has also become the party to the agreement. As per the agreement, DIAL is committed to pay annually, premium fees to WAISL or receive from WAISL a concession fee, determined and mutually agreed on the basis of estimated receivable and subsistence level (as defined in the said MSA further amended vide addendum number 18 dated July 17, 2018). During the year ended March 31, 2020, the Company accounted for Rs. 21.57 crore towards such concession fee from WAISL and this is included in revenue from operations (March 31, 2019: Rs. 103.36 crore).

Also in case of delay in payment of dues from customers to WAISL, the Company would fund the deficit on a temporary basis till the time WAISL collects the dues from such customers. Till March 31, 2020, the Company has funded Rs. 24.16 crore (March 31, 2019: Rs. 11.17 crore) towards shortfall in collection from customers.

Notes to the standalone financial statements for the year ended March 31, 2020
(All amounts in Rupees crore, except otherwise stated)

With respect to Subsidiary, Joint ventures and associates:

- vii. The Company has committed to provide financial support to Delhi Aerotropolis Private Limited (100% Subsidiary Company) to meet the liabilities of Delhi Aerotropolis Private Limited (Subsidiary Company), as and when required.

The Subsidiary Company has not undertaken any commercial activities during the year or preceding previous year. The accumulated losses as at March 31, 2020 exceed fifty percent of the net worth and the company incurred cash losses during the financial year and in the immediately preceding financial year. The Company has approved to strike off its investment in the Subsidiary Company in its board meeting dated February 11, 2020.

- viii. The following investments have been pledged by the Company towards borrowings by these companies:

Company Name	As at March 31, 2020		As at March 31, 2019	
	No. of Shares	Amount (Rs.)	No. of Shares	Amount (Rs.)
Delhi Airport Parking Services Private Limited	18,853,703	188,537,030	18,853,703	188,537,030
Travel Food Services (Delhi Terminal 3) Private Limited	1,680,000	16,800,000	16,80,000	16800,000

- ix. In respect of the Company's investment in Joint Venture ('JV') entities and Associate Companies, other JV/ associate partners have the first right of refusal in case, any of the JV/ associate partners intend to sell its stake subject to other terms and conditions of respective JV/ associate agreements.
- x. In respect of its equity investment in GMR Bajoli Holi Hydropower Private Limited ('Bajoli Holi'), the Company has to maintain minimum 17.33% of equity shareholding until the expiry of or early termination of power purchase agreement dated September 11, 2017 entered between the Company and the Bajoli Holi, expiring on May 03, 2036. The Company had invested Rs. 108.33 crore as equity share capital.
- xi. The Company had invested in DIGI Yatra foundation, a Special Purpose Vehicle (SPV) formed as central platform to identity management of passengers, as Joint Venture (JV) of private airport operators and AAI under Section 8 of the Companies Act, 2013 (Not for Profit Organization). Further, it had been decided by AAI that initially for incorporation AAI, DIAL and Bangalore International Airport Limited (BIAL) will form this company with shareholding of 26:37:37 respectively. Currently, DIGI Yatra foundation is having paid up capital of Rs. 10,000 and DIAL has invested Rs. 2,220 only (March 31, 2019 : Rs. 3,700). In future, 26% of equity share of Digi Yatra Foundation will be held by AAI and remaining 74% will be equally divided amongst the Private Airport Operators viz. BIAL, Cochin International Airport Limited, DIAL, GMR Hyderabad International Airport Limited (GHIAL), Mumbai International Airport Limited (MIAL) i.e. 14.8% each.

* DIAL has sold its entire stake in WAISL Limited to Antariksh Softtech Private Limited on June 26, 2019.

Terms and Condition of transaction with related parties:

Outstanding balances at the reporting date are secured/ unsecured and settlement occurs in cash. For the year ended March 31, 2020, the Company has not recorded any impairment of receivables relating to amounts owed by related parties (March 31, 2019: Nil). This assessment is undertaken in each financial year through examining the financial position of the related party and the market in which the related party operates.

Commitments with related parties:

The commitments in respect of related parties are provided in note 33(III) above, forming part of these financial statements.

Transactions with key management personnel

The transaction with key management personnel includes the payment of directors sitting fees and managerial remuneration which are provided in note 34(c) above. There are no other transactions with Key management personnel.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)
CIN. U63033DL2006PLC146936
Notes to the standalone financial statements for the year ended March 31, 2020
(All amounts in Rupees crore, except otherwise stated)

35. Segment Information

The Company has only one reportable business segment, which is operation of airport and providing allied services and operates in a single business segment. Accordingly, the amounts appearing in the financial statements relate to the Company's single business segment.

Major customers: Revenue from one customer of the Company is approximately Rs. 456.77 crore of the Company's total revenues (March 31, 2019: Revenue from one customer of the Company is approximately Rs. 456.84 crore of the Company's total revenues)

36. Fair Values

The carrying amount of all financial assets and liabilities (except for certain other financial assets and liabilities, i.e. "Instruments carried at fair value") appearing in the financial statements is reasonable approximation of fair values. Such investments carried at fair value are disclosed below:

Particulars	Carrying value		Fair value	
	As at March 31, 2020	As at March 31, 2019	As at March 31, 2020	As at March 31, 2019
Financial Assets				
Investment in mutual fund	405.25	795.20	405.25	795.20
Cash flow hedges-Call spread option	1009.04	194.63	1009.04	194.63
Total	1414.29	989.83	1414.29	989.83
Financial Liabilities (carried at amortised cost)				
Security Deposits from trade concessionaires	589.15	534.42	601.00	577.32
Security Deposits from commercial property developers	14.43	13.02	15.73	22.57
Total	603.58	547.44	616.73	599.89

Assumption used in estimating the fair values:

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumption were used to estimate the fair values:

The Company enters into derivative financial instruments with various counterparties, principally financial institutions with investment grade credit ratings. Derivatives are valued using valuation techniques, which employs the use of market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates, yield curves of the respective currencies, currency basis spreads between the respective currencies, interest rate curves and forward rate curves of the underlying commodity. As at March 31, 2020, the marked-to-market value of derivative asset positions is net of a credit valuation adjustment attributable to derivative counterparty default risk.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)

Notes to the standalone financial statements for the year ended March 31, 2020
(All amounts in Rupees crore, except otherwise stated)

37. Fair value hierarchy

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

Quantitative disclosures fair value measurement hierarchy for assets and liabilities as at March 31, 2020:

	Fair value measurement using				
	Date of valuation	Total	Market prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets measured at fair value					
Investment in mutual fund	March 31, 2020	405.25	405.25	-	-
Cash flow hedges- Call spread option	March 31, 2020	1009.04	-	1009.04	-
Total		1414.29	405.25	1009.04	-

There have been no transfers between Level 1, Level 2 and Level 3 during the year.

Quantitative disclosures fair value measurement hierarchy for assets and liabilities as at March 31, 2019:

	Fair value measurement using				
	Date of valuation	Total	Market prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets measured at fair value					
Investment in mutual fund	March 31, 2019	795.20	795.20	-	-
Cash flow hedges- Call spread option	March 31, 2019	194.63	-	194.63	-
Total		989.83	795.20	194.63	-

There have been no transfers between Level 1, Level 2 and Level 3 during the year.

38. Risk Management

Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, security deposits and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company also enters into derivative transactions.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by senior management team that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk and currency risk. Financial instruments affected by market risk include loans and borrowings, deposits and derivative financial instruments.

The sensitivity analysis in the following sections relate to the position as at March 31, 2020 and March 31, 2019:

The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of the debt and derivatives and the proportion of financial instruments in foreign currencies are all constant and on the basis of hedge designations in place at March 31, 2020.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities of foreign operations. The analysis for the contingent consideration liability is provided in Note 33 (ii).

The following assumptions have been made in calculating the sensitivity analyses:

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2020 and March 31, 2019.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to risk of changes in market interest rates as the borrowings of the Company are at fixed rate of interest.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the foreign currency borrowings taken from banks. However, the Company has hedged its borrowing through call spread option.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)
CIN. U63033DL2006PLC146936
Notes to the standalone financial statements for the year ended March 31, 2020
(All amounts in Rupees crore, except otherwise stated)

Cash flow hedges

Foreign exchange call spread options measured at fair value through OCI are designated as hedging instruments in cash flow hedges to hedge the USD INR conversion rate volatility with reference to the cash outflows on settlement of its borrowings designated in USD.

The fair value of foreign exchange call spread option varies with the changes in foreign exchange rates and repayment of future premium.

Particulars	March 31, 2020		March 31, 2019	
	Assets	Liabilities	Assets	Liabilities
Cash flow hedges-Call spread option	1009.04	-	194.63	-

As at March 31, 2020, the USD spot rate is above the USD call option strike price for all call spread options of USD 1311.35 million. Accordingly, an amount of Rs. 806.55 crore has been released from Cash flow hedge reserve to statement of profit and loss to neutralize the impact of Foreign exchange loss included in statement of profit and loss.

As at March 31, 2019, the USD spot rate is above the USD call option strike price for all call spread options of USD 811.35 million. Accordingly, an amount of Rs. 209.34 crore has been released from Cash flow hedge reserve to Statement of Profit and Loss to neutralize the impact of Foreign exchange loss included in Statement of Profit and Loss.

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in foreign currency exchange rates, with all other variables held constant. The impact on the Company's profit/ (loss) before tax is due to changes in the fair value of liabilities including non-designated foreign currency derivatives. The impact on the Company's pre-tax equity is due to changes in the fair value of forward exchange contracts designated as cash flow hedges and Interest rate swap. The Company's exposure to foreign currency changes for all other currencies is not material.

	March 31, 2020	March 31, 2019
	Impact on profit/ (loss) before tax	
USD Sensitivity		
INR/USD- Increase by 5%	(0.43)	(7.12)
INR/USD- decrease by 5%	0.43	7.12
EURO Sensitivity		
INR/EURO- Increase by 5%	(0.19)	(0.09)
INR/EURO- decrease by 5%	0.19	0.09
GBP Sensitivity		
INR/GBP Increase by 5%	(0.18)	(0.25)
INR/GBP- decrease by 5%	0.18	0.25

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)
CIN. U63033DL2006PLC146936
Notes to the standalone financial statements for the year ended March 31, 2020
(All amounts in Rupees crore, except otherwise stated)

Liquidity risk

The Company monitors its risk of a shortage of funds on a regular basis. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans and finance leases. None of the Company's debt will mature in less than one year at March 31, 2020 (March 31, 2019: Nil) based on the carrying value of borrowings reflected in the financial statements. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Particulars	On demand	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Total
As at March 31, 2020						
Borrowings*	-	-	-	2,184.83	7,737.50	9,922.33
Trade payables	-	301.92	-	-	-	301.92
Lease liability	-	0.59	2.18	10.78	1.02	14.57
Other financial liabilities	43.64	502.00	216.82	436.74	2,375.26	3,574.46
Total	43.64	804.51	219.00	2,632.35	10,113.78	13,813.28
As at March 31, 2019						
Borrowings*	-	-	-	1,996.85	3,614.04	5,610.89
Trade payables	-	301.87	-	-	-	301.87
Other financial liabilities	71.14	210.42	108.71	171.96	2,516.92	3,079.15
Total	71.14	512.29	108.71	2,168.81	6,130.96	8,991.91

*For range of interest, repayment schedule and security details refer note 17.

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables and other financial assets) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables- Customer credit risk is managed by Company subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and any services to major customers are generally covered by bank guarantee or other forms of credit assurance.

Financial instruments and cash deposits- Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counter party. Counterparty credit limits are reviewed by the Company's senior management on regular basis, and may be updated throughout the year. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2020 and March 31, 2019 is the carrying amounts of Trade Receivables.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)
CIN. U63033DL2006PLC146936
Notes to the standalone financial statements for the year ended March 31, 2020
(All amounts in Rupees crore, except otherwise stated)

Collateral

As at March 31, 2020 the security provided to bond holders, hedge providers and working capital facilities is as below;

- (i) A first ranking pari passu charge/ assignment of all insurance policies, contractors' guarantees and liquidated damages to the maximum extent permissible under the OMDA and the Escrow Account Agreement;
- (ii) A first ranking pari passu charge/assignment of all the rights; titles, permits, approvals and interests of the Borrower in, to and in respect of the Project Documents, in accordance with and to the maximum extent permitted under the OMDA and the Escrow Account Agreement;
- (iii) A first ranking pari passu charge on all the revenues / receivables of the Borrower (excluding dues to the Authority) subject to the provisions of the Escrow Account Agreement and the OMDA.

39. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is total debt divided by total equity plus total debt. The Company's policy is to keep the gearing ratio below 80%, which is reviewed at end of each financial year.

	March 31, 2020	March 31, 2019
Borrowings	9,920.89	5,564.65
Total debts (A)	9,920.89	5,564.65
Share Capital	2,450.00	2,450.00
Other Equity	292.46	268.04
Total Equity (B)	2,742.46	2,718.04
Total equity and total debt (C=A+B)	12,663.35	8,282.69
Gearing ratio (%) (A/C)	78.34%	67.18%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2020 and March 31, 2019.

40. Other Disclosures

a) AERA DF Order No. 28/2011-12, 30/2012-13 and AERA tariff order No. 03/2012-13 on determination of Aeronautical Tariff; issued on November 14, 2011, December 28, 2012 and April 24, 2012 respectively

- (i) The Airport Economic Regulatory Authority ("AERA") vide its powers conferred by Section 13(1) (a) of the AERA Act, 2008 passed an Aeronautical tariff order Viz. 03/2012-13 issued on April 24, 2012 which determined the Aeronautical tariff to be levied at Delhi Airport for the fourth and fifth year of tariff period of first Control period of 5 years period (i.e. 2009 - 2014). DIAL vide appeal no 10/2012 had filed an appeal before Airport Economic Regulatory Authority Appellate Tribunal ("AERAAT") on certain disputed issues in the Tariff order of first control period No.03/2012-13. Subsequently, Hon'ble High Court of Delhi vide its final order dated January 22, 2015, against the writ petition filed by the Company in this matter, ordered that the tariff determined by AERA for the first control Period shall continue till the disposal of the appeals pending against the said Tariff Order, by AERAAT.

Subsequently, AERA also released the tariff order No. 40/2015-16 ('AERA order') dated December 08, 2015 (issued on December 10, 2015) for second control period i.e. 2014 -2019, DIAL filed an appeal with AERAAT against some of the matters of order No. 40/2015-16 on January 11, 2016.

Further, Ministry of Finance vide the notification dated May 26, 2017, Part XIV of Chapter VI of the Finance Act, 2017 directed the merger of Appellate Tribunal under the Airports Economic Regulatory Authority Act, 2008 ("AERA Act") i.e. AERAAT into Telecom Disputes Settlement and Appellate Tribunal (TDSAT).

The Hon'ble Supreme Court of India, on SLP filed by Air India, vide its judgement dated July 03, 2017, has vacated the order of Hon'ble High Court of Delhi and directed TDSAT to dispose off the appeals of DIAL in the next two months.

Accordingly, DIAL implemented the Tariff order No. 40/2015-16 dated December 08, 2015 with immediate effect i.e. from July 08, 2017 as per directions of Director General of Civil Aviation dated July 07, 2017.

DIAL's appeal no. 10/2012 with respect to first control period has been concluded along with the appeal of certain airlines. TDSAT vide its order dated April 23, 2018 has passed the order, which provides clarity on the issues, which were pending for last six years and has laid down the principles to be followed by AERA in the third control period starting from April 1, 2019. The Company expects the uplift impact of the TDSAT order to reflect in the tariff determination by AERA for the next control period i.e. 2019 -2024. DIAL's appeal against the second control period shall be heard in due course.

DIAL has filed an appeal in the Hon'ble Supreme Court of India on July 21, 2018 for few matters in respect of TDSAT order dated April 23, 2018 and same was listed on September 4, 2018 wherein, Hon'ble Supreme Court has issued notices in the matter. The matter was taken up by Hon'ble Supreme Court on February 10, 2020 and two weeks' time was granted for filing counter affidavit and further two weeks' time to file rejoinder thereafter. Accordingly, the Company has filed its rejoinders and next date of hearing before Hon'ble Supreme Court has not yet been notified, however, an application of early hearing shall be filed by the Company for an early disposal of the matter.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)

CIN. U63033DL2006PLC146936

Notes to the standalone financial statements for the year ended March 31, 2020

(All amounts in Rupees crore, except otherwise stated)

DIAL has filed tariff proposal for the third control period starting April 1, 2019 to March 31, 2024 with the regulator on November 27, 2018. Further, as the second control period completed on March 31, 2019, DIAL requested the AERA to extend the current tariff till the tariff for third control period is determined. Accordingly, AERA vide order no 48/2018-19 dated March 25, 2019 extended the prevailing tariff for DIAL till September 30, 2019 which is further extended by AERA order no 09/2019-20 to March 31, 2020 and vide order no 31/2019-20 dated March 20, 2020 till June 30, 2020 or determination of tariff for third control period, whichever is earlier.

AERA has issued consultation paper in the matter of determination of aeronautical tariff for third control period vide consultation paper no. 15/2020-21 dated June 9, 2020. Last date for submission of comments is July 8, 2020 and for submission of counter comments is July 22, 2020.

- (ii) The Company had accrued Development Fee (DF) amounting to Rs. 350 crore during the year 2012-13, earmarked for construction of Air Traffic Control (ATC) tower. During the financial year 2018-19, ATC construction work had been completed and DF amounting to Rs. 350 crore had been adjusted against the expenditure on construction of ATC.

The total expenditure incurred on construction of ATC tower is Rs.398.69 crore which exceeds the earmarked DF of Rs. 350 crore, as the construction got delayed due to security reasons and additional requirements from time to time.

As per the approval in DIAL Board Meeting held on May 11, 2017, the Company had written a letter to AAI for reimbursement of additional expense. However, AAI vide its letter dated November 29, 2018 has mentioned that there was no approval of additional cost incurred by DIAL on ATC and therefore the additional cost would not be met out of DF. Accordingly, during the financial year 2018-19, the Company had capitalized the ATC tower at net cost of Rs. 48.69 crore after adjusting DF of Rs. 350 crore in its financial statements.

- (iii) The Airport Economic Regulatory Authority of India (AERA) had passed an order vide Order No 30/2012-13 dated December 28, 2012 in respect of levy of Development fee at Delhi Airport. As per the said order, the rate of Airport Development Fee (ADF) has been reduced from Rs. 200 to Rs. 100 and from Rs. 1,300 to Rs. 600 per embarking domestic and international passenger respectively. Further, as per the said order, such revised rates have come into force with effect from January 1, 2013 and estimated DF collection period has been extended up to April 2016.

Further, AERA has issued order No.47/2015-16 dated January 25, 2016, restricting cut-off date for collection of ADF upto April 30, 2016. As per the order, AERA has granted AAI, six months' time after cut-off date i.e. April 30, 2016 to reconcile and close the account, and to arrive at the over recovery / under recovery of ADF. However, the same has not yet been finalized. This over / under recovery will be accounted for on final reconciliation of ADF pending with AAI. However, DIAL has collected the DF receivable in full and settled the DF loan on May 28, 2016

(This space has been intentionally left blank)

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)

CIN. U63033DL2006PLC146936

Notes to the standalone financial statements for the year ended March 31, 2020

(All amounts in Rupees crore, except otherwise stated)

- b) The Company has a receivable of Rs. 186.57 crore as at March 31, 2020 (March 31, 2019: Rs. 257.36 crores) (including unbilled receivables) from Air India Limited and its subsidiaries namely Indian Airlines Limited, Airline Allied Services Limited and Air India Express Limited collectively referred as 'Air India'. During the year ended March 31, 2020, the Company has recognized receivable of Rs. 28.90 crore (Year ended March 31, 2019: Rs. 165.85 crore) (including GST) and received Rs. 8.41 crore (Year ended March 31, 2019: Nil) (including GST) towards interest agreed to be paid by Air India Limited. In view of payment and continuous reduction in the overdue quarter on quarter backed by continuing "Airport Enhancement and Financing Service Agreement" with International Air Transport Association ('IATA') for recovery of dues from Air India and considering the fact that Air India being a government enterprise/ undertaking, the Company considers its due from Air India as good and fully recoverable. As agreed in 13th OMDA Implementation Oversight Committee (OIOC) meeting, the Company has not paid revenue share on Rs. 27.97 crore (March 31, 2019: Rs. 135.76 crore) recognised as interest income on delayed payment by Air India.

- e) These financial statements of the Company do not include Accounts for Passenger Service Fee - Security Component [PSF- (SC)] as the same are maintained separately in the fiduciary capacity by the Company on behalf of Government of India and are governed by Standard Operating Procedure issued vide letter number AV/13024/047/2003-SS/AD dated January 19, 2009 issued by Ministry of Civil Aviation, Government of India.

As per the MOCA notification, the PSF(SC) is replaced by Aviation Security Fee w.e.f. July 1, 2019 and will be governed by National Aviation Security Fee trust.

- f) The Company has received Advance Development Costs (ADC) of Rs. 680.14 crore, including Rs. 6.93 crore related to Phase II development (March 31, 2019: Rs. 680.14 crore, including Rs. 6.93 crore related to Phase II development) from various Developers at Commercial Property District towards facilitating the development of common infrastructure there in. As per the term of the agreement, the Company will facilitate the development of common infrastructure upon receipt of advance towards development cost in accordance with the instructions and specifications in the agreement. Further, the Company has no right to escalate the development cost and in case any portion of the advance development cost is not utilized by the Company towards development of any infrastructure facility, the same shall be returned to the Developers upon earlier of the expiry of the initial term of agreement or upon termination of the development agreement. As at March 31, 2020, the Company has incurred development expenditure of Rs. 567.81 crore (March 31, 2019: Rs. 552.38 crore), which has been adjusted against the aforesaid ADC. Further, in case of Silver Resort Hotel India Private Limited, the Company had transferred Rs. 32.61 crore as unspent ADC in its proportion refundable to Silver Resort Hotel India Private Limited to 'Advances from customer', basis the arbitration order which is now refunded during the current financial year as per settlement agreement approved vide Hon'ble High Court order dated November 7, 2019 [refer note 40(i) below]. Remaining ADC of amount Rs. 79.72 crore including Rs. 6.93 crore related to Phase II development (March 31, 2019: Rs. 95.15 crore, including Rs. 6.93 crore related to Phase II development) is disclosed under other liabilities.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)

CIN. U63033DL2006PLC146936

Notes to the standalone financial statements for the year ended March 31, 2020

(All amounts in Rupees crore, except otherwise stated)

- g) The Company made an internal assessment on computation of Annual Fee payable to AAI and is of the view that the Annual Fee has been paid to AAI on Gross Receipts credited to the statement of profit and loss (with certain exclusions) instead of on the "Revenue" as defined under OMDA. The legal opinion obtained in this regard made it clear that there were excess payments of Annual Fee by DIAL by mistake from time to time to AAI. Accordingly, as per the decision taken by the Board of Directors of the Company a claim for return of excess Annual Fee paid to the AAI was raised on 26.12.2016. AAI has not agreed to the claim and insisted DIAL to continue to pay Annual Fee on the same basis, which DIAL is paying under protest. Accordingly, the dispute arose under OMDA but same could not be resolved amicably leading to the initiation of arbitration proceedings, which have commenced from December, 2018. DIAL has submitted its statement of claim in respect of which, AAI has filed its Statement of Defence (SOD). Pleadings are complete and issues has been framed by Arbitral Tribunal. The matter is listed for completion of cross examination of DIAL's witnesses from June 20, 2020 to June 22, 2020 and arguments will be heard on 8th, 9th, 22nd and 23rd of August 2020.
- h) The Company is collecting "Marketing Fund" at a specified percentage from various concessionaires as per the agreement with respective concessionaires and to be utilized towards sales promotional activities as defined in such agreements in accordance with the Marketing Fund policy adopted by the Company. As at March 31, 2020, the Company has accounted for Rs. 174.40 crore (March 31, 2019: Rs. 145.32 crore) towards such Marketing Fund and has incurred expenditure amounting to Rs. 117.27 crore (March 31, 2019: Rs. 88.10 crore) (net of income on temporary investments) till March 31, 2020 from the amount so collected. The balance amount of Rs. 57.13 crore pending utilization as at March 31, 2020 (March 31, 2019: Rs. 57.22 crore) against such sales promotion activities is included under "Other current liabilities" as specific fund to be used for the purposes to be approved by the Marketing fund committee constituted for this purpose as per Marketing Fund Policy.
- i) The Company is of the view that certain income/ credits arising on adoption of Ind-AS were not in contemplation of parties in April 2006 when this Concession Agreement i.e. OMDA was signed / entered. Further, these income/credits in Statement of Profit and Loss do not represent receipts from business operations from any external sources and therefore, these incomes/credits should not form part of "Revenue" as defined in OMDA for the purpose of calculating monthly annual fee (MAF) payable to AAI. Accordingly, the Company, based on legal opinion has provided the MAF to AAI based on Revenue as per the Ind AS financial statements after adjusting such incomes/credits. Detail of such incomes / credits are as under:

Description	Incomes forming part of	For the year ended March 31, 2020	For the year ended March 31, 2019
Construction income from commercial property developers	Other operating income	15.43	33.18
Discounting on fair valuation of deposits taken from commercial property developers	Other operating income	31.89	50.64
Discounting on fair valuation of deposits taken from concessionaires	Sale of services – Non Aeronautical	64.07	53.44
Discounting on fair valuation of deposits given	Other income	0.36	0.35
Significant financing component on revenue from contract with customers	Sale of services – Non Aeronautical	4.80	4.80

The Company has accrued revenue of Rs. 412.87 crores basis straight lining revenue, in accordance with Ind AS 116. Revenue share of Rs. 189.88 crore on this revenue is also provided and payable to AAI in future years on actual realization of revenue (Refer note 3 a).

Further, the Company has also provided the "Airport Operator Fees" included in "Other expenses" based on "Gross revenue" for the last financial year, after excluding the income/ credits from above transactions.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)

CIN. U63033DL2006PLC146936

Notes to the standalone financial statements for the year ended March 31, 2020

(All amounts in Rupees crore, except otherwise stated)

- j) The Comptroller and Auditor General of India (CAG) had conducted the performance audit of PPP (Public Private Partnership) project of AAI at Delhi Airport for the period 2006 to 2012. CAG has presented its report before Rajya Sabha on August 17, 2012 wherein they have made certain observations on the Company. The Public Accounts Committee (PAC), constituted by the Parliament of India, has examined the CAG report and submitted its observations and recommendations to Loksabha vide its Ninety fourth report in February 2014.

The Management of the Company is of the view that the observations in the CAG report and the PAC report do not have any financial impact on the Company.

- k) As per the transfer pricing rules prescribed under the Income tax act, 1961, the Company is examining the domestic and international transactions and documentation in respect thereof to ensure compliance with the said rules. The management does not anticipate any material adjustment with regard to the transactions during year ended March 31, 2020.

- l) The Company had entered into 'Development Agreement' and the 'Infrastructure Development and Service Agreement' with Silver Resort Hotel India Private Limited (hereinafter referred as 'Developer') on February 26, 2010 for development and operation of commercial property area located in Aerocity for a period of 30 years; further extendable to another 30 years. As per term of agreements, Developer was required to pay the License fee and other charges to the Company on annual basis. On July 16, 2015, the Company has issued termination notice on account of failure by the Developer to pay the License Fees and other charges, required to be paid under the agreements executed between the Company and the Developer. Consequently, the Developer has invoked the arbitration process as per Infrastructure Development and Service Agreement.

The Arbitral Award was passed by the Hon'ble Arbitral Tribunal which was received by the Company on September 08, 2017. The favorable award passed in majority by Tribunal granting Rs.115.89 crore award to DIAL and directing it to settle the award against security deposits of Rs. 192.88 crores lying with the Company and pay the balance Rs. 76.99 crores to the Developer. However, one of the arbitrators has passed the dissenting order granting award in favor of Developer amounting to Rs. 416.86 crores. Dissenting award granted by one of the arbitrators is not enforceable / binding on the parties, being the minority order / dissenting opinion. Accordingly, DIAL has deposited payment of Rs.76.13 crore (net of recovery of arbitration cost of Rs.0.86 crore) in the Hon'ble High Court of Delhi as per arbitration award.

Further, Silver resort has filed an appeal against the arbitration award before the Hon'ble High court. The matter was heard for arguments on April 26, 2018 and the judgment was pronounced on May 8, 2018 in favour of DIAL.

Pursuant to the above order, the Developer has preferred an appeal before Double Bench of Delhi High Court which was heard on July 4, 2018.

Both the parties agreed for settlement and accordingly the matter has been settled vide Hon'ble High Court order dated November 7, 2019 according to which DIAL has paid Rs. 54 crores to the developer as final settlement including outstanding ADC of Rs. 32.61 crore.

- m) A survey under section 133A of the Income Tax Act, 1961 was carried out at the premises of the Company by the Income Tax authorities on June 22 -23, 2016. The Income Tax department has sought information vide its letter dated July 18, 2016. The management has provided all the information as asked by the department. The management of the Company believes that it has complied with all the applicable provisions of the Income Tax Act, 1961 and does not expect any additional tax liability on account of survey operations.

Delhi International Airport Limited (formerly known as Delhi International Airport Private Limited)**CIN. U63033DL2006PLC146936****Notes to the standalone financial statements for the year ended March 31, 2020****(All amounts in Rupees crore, except otherwise stated)**

- n) The Government of India announced Services Export from India Scheme (SEIS) under Foreign Trade Policy (FTP) 2015-20 under which the service provider of notified services is entitled to Duty Credit Scrips as a percentage of net foreign exchange (NFE) earned. These Scrips either can be used for payment of basic custom duty on imports or can be transferred/traded in the market.

Pursuant to above, during the year ended March 31, 2018, the Company had received SEIS scrips of Rs. 31.19 crore for financial year 2015-16 having validity till September 30, 2019.

During the previous year ended March 31, 2019, the Company has received SEIS scrips of Rs. 55.82 crores for financial year 2016-17, having validity till October 21, 2020. During the current year ended March 31, 2020, the Company has also received SEIS scrips of Rs. 24.32 crores and Rs. 15.87 crores for FY 2017-18 and FY 2018-19 respectively, having validity till June 20, 2021 and August 13, 2021 respectively.

The Company has so far utilized / sold Rs. 111.11 crore (March 31, 2019: Rs. 14.52 crore) out of these scrips and considering the major expansion plans at IGI airport, the company is evaluating various options for utilization of remaining scrips. The Company has accounted the remaining scrips of Rs. 16.09 crore (March 31, 2019: 72.48 crore) at fair value of Rs. 15.41 crore (March 31, 2019: Rs. 71.04 crore) (95.75% of face value of the scrips) and accounted any change in fair value as "Other Incomes" in these financial statements.

The Scrips received under SEIS are in nature of Government Grant and is similar to the Scrips received earlier under Served from India Scheme (SFIS) of Foreign Trade Policy 2010-15. The company is of the view that as per the latest Arbitral Order dated December 27, 2018 in case of SFIS Scrip, the Income from SEIS Scrip is out of the purview of revenue definition as per OMDA. Accordingly, management believes that, no Annual Fee is payable as per the provisions of OMDA, and has not been provided in these financial statements.

- o) The Hon'ble Orissa High Court vide Judgement in W.P. No.20463/2018, in the case of Safari Retreats Private Limited, observed that the GST provisions w.r.t input tax credit allowability in respect of Civil work are not in line with the objective of the Act, and accordingly, held that if an assessee is required to discharge GST on the rental income, it is eligible to avail the Input Tax Credit (ITC) of GST w.r.t. civil work. DIAL (the company) is engaged in rendering output supplies which is in the nature of letting out space/ facilities to various airline operators and other parties/concessionaires, in return for consideration, known by different nomenclatures and are leviable to GST. Hence, the company has availed the GST ITC in respect of the costs for civil work incurred as part of the Phase 3A expansion project and regular operations, upon application of the said judicial pronouncement. Further, department has filed an appeal in Hon'ble Supreme Court of India against the judgement of Hon'ble Orissa High Court. Pending outcome of judgement of Hon'ble Supreme Court of India, considering the judgement of Hon'ble Orissa High Court and based on the opinion obtained by the Company in this regard, the Management is of the view that GST ITC in respect of such civil work is eligible to be availed by the Company. Having regard to the same, GST ITC amounting to Rs. 254.01 crores has been claimed in GST return and disclosed under balance with statutory / Government authorities in financial statements (refer note 9).
- p) AERA vide its letter dated January 15, 2020 advised to implement the directions given by the Ministry of Civil Aviation vide letter No. AV 13030/216/2016-ER (Pt. 2) dated January 8, 2020 wherein charging of airport operator charge or fuel throughput charge in any manifestation should be discontinued with immediate effect and asked AERA/ MoCA to consider the amount in this stream and duly compensate the Airport Operators by recalibrating other tariffs during determinations of airport tariffs.
