Independent Auditor's Report on Audit of Standalone Financial Information To The Board of Directors of Raxa Security Services Ltd

- 1. We have audited the Standalone Financial Information of Raxa Security Services Ltd comprising 'Statement of Standalone Financial Results for the year ended March 31, 2022, Statement of Standalone Assets and Liabilities as at March 31, 2022 along with explanatory note thereon prepared by the Company's management to assist the management of the GMR Infrastructure Limited (GIL) in the preparation of its consolidated financial results for the three months and year ended March 31, 2022 pursuant to the requirements of SEBI circular no. CIR/CFD/CMD1/44/2019 dated 29 March 2019 read with Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) ('Listing Regulations'), including relevant circulars issued by the SEBI from time to time.
- 2. In our opinion and to the best of our information and according to the explanations given to us, the financial information together with notes thereon:
- (i) presents financial results in accordance with the requirements of Regulation 33 of the Listing Regulations; and
- (ii) gives a true and fair view in conformity with the applicable Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Companies Act, 2013 ('the Act'), read with relevant rules issued thereunder, and other accounting principles generally accepted in India, of the net profit after tax and other comprehensive income and other financial information of the Company for the three months and year ended March 31, 2022.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Information section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('the ICAI') together with the ethical requirements that are relevant to our audit of the Financial Information under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our opinion.

Management Responsibilities for Financial Information

- 4. This Financial Information has been prepared on the basis of the standalone financial statements. The Company's Board of Directors is responsible for the preparation and presentation of the Financial Information that gives a true and fair view of the financial position, financial performance including other comprehensive income and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS prescribed under Section 133 of the Act, read with relevant rules issued thereunder and other accounting principles generally accepted in India, and in compliance with Regulation 33 of the Listing Regulations.
- This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Information that gives a true and fair view and is free from material misstatement, whether due to fraud or error.
- 5. In preparing the Financial Information, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern, and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- 6. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

*Auditor's Responsibilities for the Audit of the Financial Information

- 7. Our objectives are to obtain reasonable assurance about whether the Financial Information as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing, specified under section 143(10) of the Act, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Information.
- 8. As part of an audit in accordance with the Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the Financial Information, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Information or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Information, including the disclosures, and whether the Financial Information represents the underlying transactions and events in a manner that achieves fair presentation.
- 9. Materiality is the magnitude of misstatements in the Financial Information that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Information may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Information.
- 10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- -11. We also provide those charged with governance with Financial Information that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter(s)

12. The Financial Information includes the financial information for the quarter ended March 31, 2022 and March 31, 2021, being the balancing figures between the audited figures in respect of the full financial year and the unaudited year-to-date figures up to the third quarter of the respective financial years, which were subject to limited review, as required under Listing Regulations.

Restriction on distribution or use

13. The Financial Information has been prepared by the Company's Management to assist the management of the GMR Infrastructure Limited (GIL) in the preparation of its consolidated financial results for the three months and year ended March 31, 2022 pursuant to the requirements of SEBI circular no. CIR/CFD/CMD1/44/2019 dated 29 March 2019 read with Regulation 33 of the Listing Regulations, including relevant circulars issued by the SEBI from time to time, and therefore, it may not be suitable for any other purpose. This report is issued solely for the aforementioned purpose and for the use of the group auditors, M/s Walker Chandiok & Co LLP, in their audit of consolidated financial statements of GIL, and accordingly should not be used, referred to or distributed for any other purpose or to any other party without our prior written consent. Further, we do not accept or assume any liability or any duty of care for any other purpose for which or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

31 Financial risk management objectives and policies

In the course of its business, the Company is exposed primarily to fluctuations in foreign currency exchange rates, interest rates, equity prices, liquidity and credit risk, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which not only covers the foreign exchange risks but also other risks associated with the financial assets and liabilities such as interest rate risks and credit risks. The risk management policy is approved by the Board of Directors. The risk management framework aims to:

- (i) create a stable business planning environment by reducing the impact of currency and interest rate fluctuations on the Company's business plan.
- (ii) achieve greater predictability to earnings by determining the financial value of the expected earnings in advance.

Market risk

Market risk is the risk of any loss in future earnings, in realisable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in interest rates, foreign currency exchange rates, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

(a) Market risk- Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term and short-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

Interest rate sensitivity

Particulars	Increase/decre ase in basis	Effect on profit before
March 31,2022		
INR	+50	(78.31)
INR	-50	78.31
March 31,2021		
INR	+50	(92.81)
INR	-50	92.81

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment.

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Financial instruments that are subject to credit risk and concentration thereof principally consist of trade receivables, loans receivables, investments, cash and cash equivalents, derivatives and financial guarantees provided by the Company.

The carrying value of financial assets represents the maximum credit risk. The maximum exposure to credit risk was Rs. 12971.29 and Rs. 11,951.49 as at March 31, 2022 and March 31, 2021 respectively, being the total carrying value of trade receivables, balances with bank, bank deposits, investments and other financial assets.

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. An impairment analysis is performed at each reporting date on an individual basis for major clients. The Company does not hold collateral as security.

The Company's exposure to customers is diversified and there is no concentration of credit risk with respect to any particular customer as at March 31, 2022, March 31, 2021.

With respect to trade receivables / unbilled revenue, the Company has constituted the terms to review the receivables on a periodic basis and to take necessary mitigations, wherever required.

Credit risk from balances with bank and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

In respect of financial guarantees provided by the Company to banks and financial institutions, the maximum exposure which the Company is exposed to is the maximum amount which the Company would have to pay if the guarantee is called upon. Based on the expectation at the end of the reporting period, the Company considers that it is more likely than not that such an amount will not be payable under the guarantees provided.

Liquidity risk

The following table shows a maturity analysis of the anticipated cash flows including interest obligations for the Company's financial liabilities on an undiscounted basis, which therefore differ from both carrying value and fair value. Floating rate interest is estimated using the prevailing interest rate at the end of the reporting period.

Particulars	0-1 year	1 to 5 years	> 5 years	Total
31-Mar-22				
Borrowings	2,870.79	18,350.55	-	21,221.34
Other financial liabilities	1,954.34	=	492.55	2,446.89
Trade payables	1,196.60	-	7 -	1,196.60
Total	6,021.73	18,350.55	492.55	24,864.83
31-Mar-21				
Borrowings	5,127.40	17,126.41	-	22,253.81
Other financial liabilities	1,917.23	5	350.41	2,267.64
Trade payables	832.65	9		832.65
Total	7,877.28	17,126.41	350.41	25,354.10

(i) The above excludes any financial liabilities arising out of financial guarantee contract as detailed in Note 42.

Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the policies and procedures of the Company include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

32 Capital management

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long-term and short-term goals of the Company.

The Company determines the amount of capital required on the basis of annual business plan coupled with long-term and short-term strategic investment and expansion plans. The funding needs are met through equity, cash generated from operations and sale of certain assets, long-term and short-term bank borrowings and strategic partnership with investors.

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is total debt divided by total capital plus total debt. The Company's policy is to keep the gearing ratio at an optimum level to ensure that the debt related covenant are complied with.

34 Earnings Per Share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the parent by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the parent (after adjusting for interest on the convertible preference shares) by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

Particulars	Year ended 31-Mar-22	Year ended 31-Mar-21
